Dear Client,

In our technology "age", we often allow technology to take over, losing some of the "personal touch" aspects of working together. In short, emails and telephone calls (blogs, twitters and face-book too) are efficient means of communication - even skype - but let's also meet, talk one-on-one, and exchange smiles and thoughts. And there's no time like the present!

So we invite you to come in for a coffee/tea/water and a chat.....to discuss and review business and finance matters, tax planning for 2011 and beyond, and any other matters pertinent to you and with which we can assist.

In the meantime, give thought to these tax planning tips:

- 1. *Accurate estimates for Income Tax and Bituach Leumi interim payments (mikdamot) - do not overpay.***
- 2. *Optimal deduction of expenses.***
- 3. *Utilisation of tax credits/deductions for charitable contributions, investments in certain funds and life insurances.***
- 4. *Claiming all business or business-related expenses.***
- 5. *Structuring—entity: corporate? self-employed? partnership? foreign? branch? etc.***
- 6. *Reporting: compliance and doing it right.***
- 7. *Using capital losses.***
- 8. *Rethinking your business, investments and tax planning!***

We look forward to seeing you shortly!

Shabbat Shalom & Chag Sameach,

Jeff & The "Team"
